COAL ASSOCIATION, INDUSTRY COMPLETE PLANS

DABROWA ASSOCIATION FULFILLS 3-YEAR PLAN -- Zycie Warszawy, No 316, 16 Nov 49

On 15 November, the Dabrowa Coal Association completed its Three-Year Plan with the extraction of 22,526,760 tons of coal. The crew pledged to extract one million tons of coal above plan by the end of 1949.

COAL INDUSTRY COMPLETES OCTOBER PLAN -- Trybune Ludu, No 304, 4 Nov 49

The coal industry fulfilled the October production plan 102.6 percent. The leading associations were: Rybnik with 116 percent, Dabrowa 107 percent, Gliwice 106.3 percent, and Bytom 104 percent.

Workers of the Walenty-Wawel mine completed the Three-Year Plan on 3 November 1949 with the extraction of 4,177,0() tons of black coal. They pledged an additional 250,000 tons by the end of 1949.

HYDROELECTRIC PLANTS' OUTPUT BELOW PLAN IN OCTOBER -- Rzeczpospolita, No 306, 6 Nov 49

In October, the output of the electric power plants belonging to the Central Power Administration was 104.6 percent of the over-all plan for the industry. The output of thermoelectric power plants was 106.4 percent of plan, but that of hydruelectric power plants was only 79.2 percent of plan because of the prolonged dry

Power plant associations showing the best results during October were: Lodz with 110.3 percent of plan, Krakow 107.2 percent, and Gorny Slack 104.2 percent.
